Trophy

WALLEYE, NORTHERN & SMALLMOUTH BASS
DRIVE-IN • HOUSEKEEPING PLAN

FISHING *Finest* AT ITS

Fishing Lac Seul & Williams Lake

Walleyes 8 to 12 pounds are more common in the South Central part of Lac Seul than 6 to 8 pounders in most other lakes in this area. Quantity is also the rule. Expect to catch and release many limits during your stay. Lac Seul is, without question, one of the best walleye lakes in the world. Williams Lake produces trophy walleyes, but not the numbers that Lac Seul does. Many northern pike over 20 pounds are taken each year from both lakes. Williams Lake is especially good for trophy pike, and one over 30 pounds would not be a surprise. Smallmouth bass are plentiful in both lakes with 6 pounders being caught. These lakes are the best due, in part, to the abundance of forage such as whitefish, cisco, rainbow smelt, and perch. Also, this area is a very long boat trip away from the more crowded east and west ends of Lac Seul and therefore has little fishing pressure.

Bear Hunt

Bears are plentiful here and our fall black bear hunts have been a huge success. We have a large bear management area that no other outfitters

use. We will put you on a fresh hunting site that has been monitored with trail cameras during the pre-baiting period. A second site will be available to you, if needed. Our sites are easily accessed by boat. Our guides will help you with initial set up and direction, tracking, field dressing, retrieval, skinning, and butchering. Spend some time fishing too.

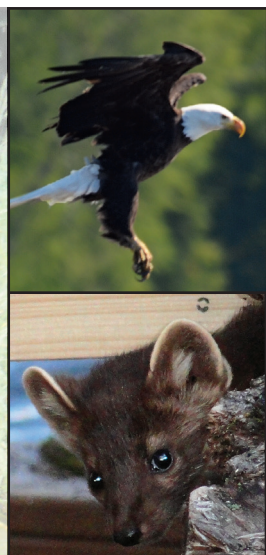

Conservation

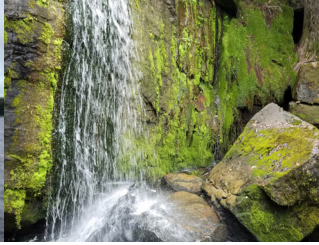

As sportsmen and conservationists, we all must help preserve our fishery for our children and our children's children. We ask that you enjoy your stay with us for what it really is – a peaceful retreat from the busy routine. Catch tons of fish, enjoy a few of the small ones for lunch (take some home too), and release the big ones. To encourage the release of trophy fish, Williams Lake Lodge will award free trips to the anglers who release the largest walleye and the largest northern pike of the season. All fish shown on these pages were released.

Nature Lover's and Photographer's *Dream*

Williams Creek lazily winds along for about three miles through the historic Canadian Shield, joining Williams Lake and Lac Seul. The journey takes you along some of the best wildlife habitat in Ontario. Moose, deer, black bear, wolf, fox, lynx, beaver, muskrat, otter, many species of waterfowl, and families of golden and bald eagles are regularly seen.

A Warm Welcome

We are a friendly, clean, well organized, reasonably priced camp, cut from the Canadian wilderness and dedicated to making your trip a joyful and memorable experience. We offer “Housekeeping Plan” packages only, so bring your groceries and experience a week in paradise with us.

Main Camp

Accommodations: We have both rustic log cabins as well as frame cabins that accommodate 2 – 7 people each, all equipped for the housekeeping plan. All cabins have a 3 piece bathroom with flush toilet, shower, and sink. Wood heaters with plenty of wood, stoves, refrigerators, outdoor gas grills and fish fryers, cooking utensils, and all bedding are included. Our state-of-the-art solar power system with generator backup provides quiet, 110 volt current 24 hours a day. Satellite TV, telephone and free WIFI are available in our comfortable lodge for those who want to stay connected to the rest of the world.

Boats

Standard 40HP: 18’ Crestliner Kodiak powered by a 40 HP, 4 stroke, electric start, manual tilt Yamaha outboard. Equipped with casting deck, pedestal seats, color sonar (no GPS), net, paddles, and minnow bucket.

Upgrade 50HP: 18’ Crestliner Kodiak powered by a 50 HP, 4 stroke, electric start, power tilt Yamaha outboard. Equipped with casting deck, pro upgrade pedestal seats, color sonar/GPS (lake map installed), net, paddles, and minnow bucket.

Upgrade 60HP: 18’ Crestliner Kodiak powered by 60 HP, 4 stroke, electric start, power tilt Yamaha outboard. Equipped with casting deck, pro upgrade pedestal seats, rear mounted Hummingbird Helix 7 sonar/GPS (lake map installed), front mounted color sonar, Minnkota Terrova 80# i-Pilot trolling motor, net, paddles, and minnow bucket.

Check our website,

for pictures of each of the cabins and
answers to often asked questions.

Outpost Cabin

Get off on your own at this quiet and peaceful setting, but still have access (5 minutes by boat) to main camp amenities such as showers, phone, gas, bait, and freezer service. This cabin sleeps up to 8, has a wood heater with plenty of wood, cold running water, stove, refrigerator, outdoor gas grill and fish fryer, cooking utensils, and a small gas generator for evening lights (or use the provided propane lanterns). Boats at the outpost are the standard 18’ models described above. Upgrade boats are available. Life vests are required by law. Please bring your own.

Williams Lake Lodge & Outpost

Williams Lake Lodge & Outpost is located about 40 miles north of Dryden, Ontario. Drive directly to our main camp on a gravel road. Boat-in to the outpost cabin from the main camp. Duluth is 290 miles, Minneapolis is 445 miles and Chicago is 770 miles from Williams Lake Lodge.

Your Hosts...
Ken & Kathy Burton

Williams Lake Lodge

Summer: P.O. Box 509
Dryden, ON P8N 2Z2
Canada
Phone: (807) 808-0267

Winter: 1525 24th Street
Kenosha, WI 53140
Phone: (262) 736-4044

Drive directly to Williams Lake Lodge. Boat-in to our outpost cabin from the main camp. To get to Lac Seul, enjoy the scenic boat trip through Williams Creek. There is no portage. From camp, a 20 minute trip gets you to the Williams Bay area of Lac Seul and a 30 minute trip will find you at Kleiner Point on Indian Island.
